

# JGX-1F

AC SOLID STATE RELAY (PCB MOUNTING)

## Type meaning

JGX - 1:[1A] - F:[DC-AC (DC input-AC output)]

## Features

- Rated current: 1Amps
- Rated voltage: 220V/380VAC
- Control voltage: 3-32VDC
- Control current:  $\leq 10\text{mA}$
- DIP 4-pin package
- "Ultra low" input current
- Low output off-state leakage current
- Low output on-state voltage drop
- Standard output RC snubber circuit
- British standard PCB mounting dimensions

## Application

- Normally used in air conditioners, balers and other household appliances.
